

October 23, 2024

Dear Parents/Guardians,

We are excited to announce that Acadia School will be partnering with Nation's Vision, a portable eye care team that brings a full optometry office directly to our school. A licensed optometrist will conduct comprehensive eye exams for all students under 19 years of age.

Nation's Vision follows a 3-step process for the eye exams:

1. **Phase 1:** All students will receive a comprehensive screening exam.
2. **Phase 2:** Those who do not pass the screening will see a specialist on-site.
3. **Phase 3:** Students who require glasses will have the opportunity to select their frames, and we will return in 3-5 weeks to fit their glasses.

For more details and to register your child for this valuable service, please complete the Consent Form for Eye Exam on the back of this letter and return it to your child's teacher as soon as possible. Nation's Vision first visit is scheduled to be at Acadia School during the week of November 18-22.

If you have any questions, feel free to contact the school at 403-777-8440.

Sincerely,

Lisa Bartel
Principal, Acadia School
